Unexpected Heroes: India Tales

Learn about the beauty of the Indian subcontinent.

The audience will meet quick-witted and kind-hearted heroes who help others while helping to transform their lives. The interactive stories performed in “Unexpected Heroes: India Tales” shed light on the beauty of the Indian subcontinent.

Master storyteller Julie Kurzava brings to life three stories from India, including “Munna and the Grain Rice”, a tale about a girl whose compassionate heart leads her to save the day by harnessing the awesome power of MATH! In the story of “Hodja”, a wise man stops a bully in his tracks. In the third story, Gopal’s ingenuity and generosity lead him to his heart’s desire in “The Drummer Boy”.

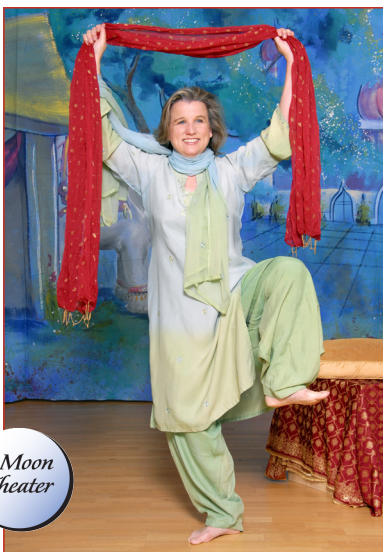

Told in a broad, theatrical style with the whole audience participating, “India Tales” is fun while encouraging an appreciation and connection with other cultures.
